**European Congress
on Computational Methods
in Applied Sciences
and Engineering**

11-14 september 2000, World Trade Center,
Barcelona, Spain

ECCOMAS 2000

Mr. Ruperto Bonet Chaple
INTEC
Güemes 3450
3000 Santa Fe, ARGENTINA

Barcelona, December 15th, 1999

Ref. Paper: *"A new way to solve discrete equation system"* by Ruperto P. Bonet, Norberto Nigro, Mario A. Storti, Sergio Idelsohn
Ref. Number: CMNM 161

Dear Mr. Bonet Chaple,

I am pleased to inform you that your paper has been accepted for presentation at ECCOMAS 2000.

The following instructions will hopefully clarify the procedure for preparing the one page abstract, the full paper and the registration to the congress.

About Abstract and Paper Submission

Authors are invited to send by March 15, 2000:

- **One page Abstract** describing the main features of the work. The format for the one page abstract is included herewith.

Abstracts will be published in the Abstract Book to be handed to all participants at the congress.

Please send the one page abstract in hard copy form. You can also submit the abstract via electronic mail either in *.ps or *.pdf format to eccomas2000@cimne.upc.es. Other formats are not accepted.

- **Full Length Paper** to be published in the CD-ROM Proceedings to be distributed to all participants at the congress. Instructions for writing and submitting the paper can be found at the congress web page (http://www.cimne.upc.es/eccomas)

About Registration to the ECCOMAS 2000 Congress

Please note that acceptance of papers for presentation is conditional to receiving the full version of the paper and the payment of the congress registration of the author who will present the paper. Due to the large number of papers received only one presentation per author is allowed.

Authors are requested to fill in and submit the registration form attached together with the abstract and the full length paper.

Hotel Booking

Information on hotels and booking details can be found at the congress web page. Early booking (before May 30th, 2000) is strongly recommended.

We thank you for your participation in ECCOMAS 2000 and look forward to hearing from you.

Sincerely yours,

Eugenio Oñate
ECCOMAS 2000 Chairman
